

Happy Holiday Hundley News

Wow, 2011 was quite a year for the Hundleys! Renata & Tom celebrated 40 years of marriage and Sam celebrated 30 years on Planet Earth.

The year began with a rush as we headed for Vegas to ski and party at the Mandalay Bay for Renata's "speed limit" birthday. It rained and snowed all winter and we took advantage by following Sam down many mountains until very late into spring.

Summer started with Bryan and Jessica's wedding. MaryAnn and Tim came from Texas, Sam came down and we had a family reunion long-weekend as we welcomed the Butlers into our lives.

Fashion Week Ventura was a new experience for us. It rocked and we had a fantastic time as Renata served as House Manager for this unique fashion show/theatrical production fundraiser.

September was fantastic. We flew to Venice to share our anniversary with Nancy and Richard at friend Conrad's flat on Lido de Venetia.

Alan met us there and drove us up to the Dolomites, across Austria and to his and Mügli's house in Beinweil am See.

We flew home from Zürich just in time for Sam's Big Three Oh; that is a week!

We spend as much time as possible visiting Sam in Kings Beach, which happens to be the perfect place for anyone from the beach who also loves the mountains. We take pleasure in all the area has to offer, including being able to walk to the beach and restaurants and enjoying the music and good vibes at Sam's lakeside DJ gigs.

Renata and Tom continue to be active in the church; they sing in the choir, Renata is part of the Ventura church and Annual Conference video teams and Tom plays in the praise band.

Tom is still playing guitar (he's in a blues band), fishes and camps (for the first time, in a 5th wheel).

Merry Christmas

from the North Shore of Lake Tahoe,

Tom, Renata, and Sam

Renata takes pictures, plays with technology, grows tulips, waterscapes, and does backstage theater work when time permits.
